

Physics Department Colloquium
Michael Erickson, Lehigh University (Physics)
John Ferrie, University of Pennsylvania (Chemistry)

Transitioning to Graduate Level Coursework and Research

We are recent graduates of the TCNJ physics department (Michael was a major, John a minor) and presently studying for the PhD at Lehigh University and the University of Pennsylvania. We will discuss strategies for getting the most out of the undergraduate programs in physics and chemistry at TCNJ, with a particular viewpoint to transitioning to graduate-level coursework and research.

Date: Tuesday, November 4, 2014

Time: 12:30 PM

Where: Science Complex, P-317
